■ INSTALACIÓN / INSTALLATION

Los revestimientos decorativos de la marca FAUS destacan por su excelente calidad y su fácil instalación. A continuación, presentamos las siguientes imágenes que ilustran de manera opcional el proceso de instalación:

The decorative wall panels from our FAUS brand stand out for their excellent quality and easy installation. Below, you will find images that illustrate two options for the installation process:

OPCIÓN 1
Rastrelar la superficie en la que se va a instalar el revestimiento. Fijar el revestimiento mediante el empleo de clavos o frapas.

OPTION 1
Place the battens on the wall and secure the wall panels by using nails or staples.

OPCIÓN 2
Encolamos la parte trasera del revestimiento para adherirlo a la pared. No utilizar siliconas ni adhesivos con disolventes.

OPTION 2
Glue the back of the wall panel to adhere it to the wall. Do not use silicones or solvent-based adhesives.

■ TECHOS / CEILINGS

La integración de los diseños FAUSDECOR en los techos ofrece la posibilidad de agregar estilo y personalidad a los espacios, creando ambientes únicos y atractivos. Estos diseños abarcan una amplia variedad de opciones, desde estilos clásicos y elegantes hasta alternativas más contemporáneas y vanguardistas.

The integration of FAUSDECOR designs in ceilings offers the possibility of adding style and personality to spaces, creating unique and attractive environments. These designs encompass a wide variety of options, from classic and elegant styles to more contemporary and avant-garde alternatives.
